From: Prakash Kumar <pkumar.india1966@gmail.com>

Respected Sirs,

Namaskar.

I would like to thank you for the initiative taken by you to reform the Electoral Rolls in each Constituency, all over India, by requesting the Citizens (Electors) of India to provide their Mobile Nos., Email IDs and Aadhaar Nos. against their EPIC nos.

2. This would certainly eradicate the multiple EPIC nos. on a particular Elector/ Voter. I have myself informed the local EROs about multiple EPICs, duplicate, non-existent, transferred, posthumous Electors, by providing the Booth-wise details.

3. However, I do earnestly request you that steps may kindly be taken not to publish the Mobile Nos., Email IDs and Aadhaar Nos. in the Electoral Rolls. These informations may kindly be stored in the Server of the Election Commission only.

4. Since the Electoral Rolls are displayed on the Notice Boards of the Booths, the unscrupulous persons have easy access to these personal informations. These are surely personal, in nature, because although there are officially published Directories of landline Telephone Nos., there are no officially published Directory of personal Mobile Nos., Email IDs and Aadhaar Nos.

5. I have myself seen and objected to some unscrupulous persons noting the PANs (Permanent Account Nos.) with name, from the Reservation Charts displayed on the Notice Boards of Indian Railways.

6. We are providing our Mobile Nos., Email IDs and Aadhaar Nos. to the Income Tax Department. And this Department does not disclose our privacy to general public (or to say unscrupulous persons).

7. Despite the request from the Commission, several Electors have opted not to link their Mobile Nos., Email IDs and Aadhaar Nos with their EPICs till date only on account of their security and privacy concern.

8. Sir, I do earnestly hope that our concerns would be considered and our privacy would not be compromised.

9. I, on behalf of several Electors, do assure the Commission our heartiest cooperation in this pious National Electoral Roll Purification & Authentication Programme.

I look forward to hearing from you.

Yours faithfully,
Prakash Kumar.
